

Fair Guide Information Form

Each participating school will have a listing in the Fair Guide, where information about your school will be promoted to attendees of the Fair. 2-year colleges should check off the programs where courses are offered which may be transferred to a degree program. Language institutes or other non-degree granting schools should only complete the school name, status, and the 50 word description on the bottom of the form. Please mark the boxes according to the choices presented and do not deviate from the majors provided. AIEF reserves the right to edit information not in compliance with the form and/or publication(s).
